Intro

VERSE 1

Somebody's taken a candle to the darkness
It's turning all the night to day
Somebody tore down their idols
And it inspired us to do the same
Somebody laid down their life for an orphans broken dreams
For whoever is the man to do these things will be blessed

CHORUS

Ahoh ahoh oh no, the world will never be the same
Ahoh ahoh oh no
Blessing follows the humble
And the righteous will not be shaken
Will not be moved
The blessings there
What will you choose?

INTERLUDE

VERSE 2

May this be a nation a new generation
Of hearts that follow after you
Let's decide to be holy to follow You only
In spirit and in truth
Could we follow commands can we give our wealth away?
Are we lending to the need that comes our way

What will we say?

BRIDGE

Let's begin from the start
Clean hands, pure heart
G, A,
Our praises all for You
I want to follow Your heart
Just live where You are
G,
And be in love with You
