BurnZion

Intro

Verse 1

Who will make it through the fire?
Who lived through the flood?
As the world turns black again
Who will rise above?

Verse 2

I've got a message for the world
When they hear what God's done
Fearful and terrified
Are the godless ones

PreChorus

Burn, who can stand Your fire
As You fan the flame
Who will remain

Verse 3

As for all of the Righteous
He will give them peace
And lift them higher and higher
And hide them in His wings

PreChorus

Burn, who can stand Your fire
As You fan the flame
Who will remain

Chorus

The righteous ones
With pure hearts
Who walk away from evil things
Turn their eyes from the obscene
These are the ones who will stand in

Bridge

Zion
We're looking towards Zion
When You restore Your chosen people
To a land of rest and peace
Its tent cannot be torn apart
the flame cannot reach in
Zion
With our majestic King
He who holds our salvation
We worship Him on our knees
