

# I Love You [Lyrics]

[Default Arrangement]

## Verse 1

Take My body and it's broken  
Drink the wine it's a token of My love

Cover all your sins, and give you peace within  
From now on I will not drink this  
Drink the fruit of the vine until that day  
When I drink it new, drink it new with you  
In My Fathers Kingdom

## Chorus

This is how I  
Say I love you and

This is how I

Prove it to you  
By my wounds you are  
Healed, your healed my child

## Verse 2

Sweat is turning into blood now  
If there's another way, show me how  
Not my will but Yours, I will do this for them

Father God will You forgive them  
They don't understand what they do  
They need a sacrifice, blood to purify  
My arms are open
