## **Intro**

### **Verse 1**

God said go to a distant land  
Told Abraham to give up his son  
He bound him up with knife in hand  
His only hope was in God's plan

## **Interlude**

### **Verse 2**

Is this Your will? I'll do as I'm told  
There's no way out, It seems so cold.  
How could You take my promised son?  
You have a plan, Your will be done.

### **Chorus:**

It's Your life  
(I'm standing on the edge just waiting)  
My life is Yours to  
(Surrendering my life for You to)  
Mold I'm just the clay in Your hands  
You make me whole  
(I'm standing on the edge just waiting)  
My life is Yours to  
(Surrendering my life for You to)

Mold I'm just the clay in Your hands

### **Verse 3**

Where is my lamb? When will it come?  
I lay it down, Your will be done  
You brought the lamb, Your test divine  
You brought the lamb It came just in time

### **Bridge**

Love in Your eyes as You take me there  
Through the deepest of valleys  
Dark of the night before morning comes  
Your fire refines  
Love in Your eyes as You take me there  
I'll be clay in Your hands  
As you mold me into something beautiful

## **Interlude**
