Intro

Verse 1

We see the storm clouds, they're rolling in
The earth is broken under the weight of sin
You are the Righteous Holy King
And we laughed at Your Sovereignty
We have hated instruction
Now we're scared and were shaken
Broken and crying out
We fall to our knees and say

Chorus

We have sinned, committed iniquity
Acted wickedly and rebelled
Sinned, We've been unfaithful,
Turned away from Your servants the prophets
The shame is on us
Oh please forgive us Holy Father

Verse 2

Immorality has settled in
We kill the children that have never been
Our lives are filled with worthless things
While orphans stand suffering
You call to Your children

And anyone who will listen
"Turn back to Me again
I want you to be free"

Interlude

Bridge

Return to Me
oh return, return to me

(Oh Lord hear our prayer, oh Lord forgive
Oh Lord please listen and take action for Your name is here)
